Fōmcore®
SERVE. CREATE. INSPIRE.

OOLAY BLOCK™

ONE BLOCK. ENDLESS POSSIBILITIES.

Inspired by nature's fundamental building block, Oolay Block™ is designed to adapt, connect, and keep up with imaginative learners. Lightweight yet robust, each piece can be linked, stacked, and rearranged into seating, structures, pathways, and more.

FITS EVERY LEARNER

With three seat heights in one block, Oolay Block offers flexible seating for learners of different ages and sizes.

LIGHTWEIGHT + STRONG

At less than 3 lbs., each block is easy to lift, carry, and rearrange, yet strong enough to support over 400 lbs.

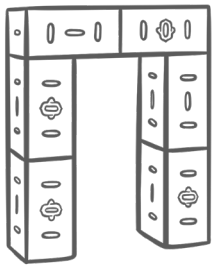

INDOORS OR OUT

Waterproof by design, Oolay Block brings seating, movement, and play indoors and out.

CONNECT + CREATE + PLAY

With an integrated linking handle, Oolay Block offers endless ways to connect, configure, and create spaces for learning and imaginative play.

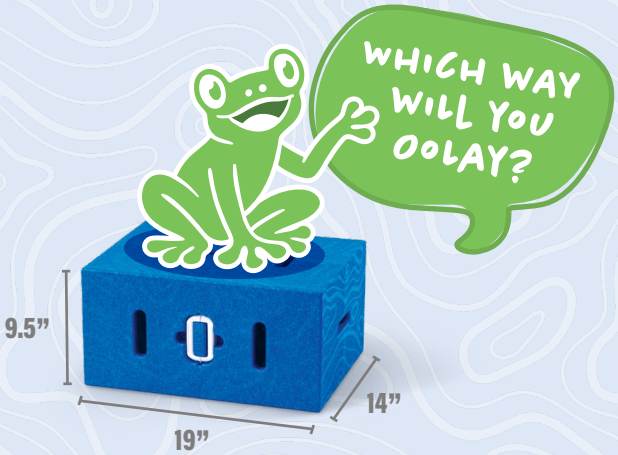

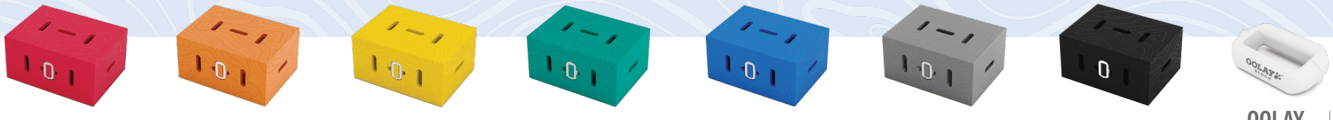

Made from **100% recyclable** expanded polypropylene (EPP), Oolay Block occasionally features a stray bead of color that sneaks into the mix.

We call them freckles! Can you find any?
